# CME on Stroke 2017

# Book release – Clinical Proceedings Neurosciences 2016-17

# Epilepsy Update - 2018

**Faculty**

**Dr. H. B. Bhatia**  
Professor and Head,  
Department of Neurology  
MCH, Manipal

**Dr. Praveen Reddy B**  
Professor and Head,  
Department of Neurology  
MCH, Manipal

**Dr. G. Mathana**  
Chief Consulting Officer  
Kasturba Hospital, Manipal

**Dr. Dhanu Menon R**  
Professor and Head,  
Department of Neurology

**Dr. Vinod C Nayak**  
Professor and Head,  
Department of Paediatric Medicine

**Dr. Vinod K**  
Associate Professor  
Neurology

**Dr. Vijay Chaturvedi**  
Associate Professor  
Neurology

**Dr. Rajesh P Rai**  
Associate Professor  
Neurology

**Dr. Sandeep N Rai**  
Associate Professor  
Neurology

**Dr. H. Vinod Shastri**  
Associate Professor  
Department of Neurology

**Dr. Prakash Babu**  
Associate Professor  
Department of Anatomy

**Dr. Manoj K S**  
Associate Professor  
Department of Anatomy

**Dr. Rajeshwari Nayak**  
Associate Professor  
Neurology

**Dr. Lakshmi Prasad S**  
Associate Professor  
Neurology

**Dr. Anand N Prasad**  
Associate Professor  
Neurology

**Dr. Lakshmi S**  
Associate Professor  
Neurology

**Dr. Anjali Chatterjee**  
Associate Professor  
Neurology

**Dr. Anjali K**  
Associate Professor  
Neurology

**Dr. Sushila Nair K**  
Associate Professor  
Neurology

**Departments of Neurosciences & Anatomy**  
Kasturba Medical College & Kasturba Hospital  
MAHE, Manipal

**EPILEPSY UPDATE - 2018**  
(One day CME on Recent Advances in Epilepsy)

**EEG workshop & Cadaveric Brain Cutting workshop**

Date: Saturday, 26<sup>th</sup> May, 2018 Time: 8:30am  
Venue: Centre for Basic Sciences MCH, Manipal

**Chief Faculty**

The Department Of Neurosciences, KMC, Manipal is celebrating its golden jubilee year.

This CME on Epilepsy targets all Neuroscientists striving for improving care of Epilepsy patients. The first half of the day will be dedicated for "Hands On Workshop" for Neurology and Neurosurgery residents in training. The second half of the day includes a symposium on "Recent Advances in Epilepsy" by distinguished speakers.

**PROGRAM**

**BRAIN CUTTING WORKSHOP**

Theoretical-Live Anatomy - Cadaveric

ATL - An Cadaveric Demonstration: Temporal Resection

Stroke - Anatomy

Intra-Operative Resection: Surgical Approaches to Intra-Cerebral Demonstration: Intra-Operative Resection

Cerebral Cortex - Anatomical Landmarks

Cerebral Cortex - Surgical Approaches: Cadaveric Demonstration

Neurophysiological Cadaveric Demonstration

Multidisciplinary

**EEG WORKSHOP**

Technical aspects & Principles of Utility

Normal awake & sleep EEG

EEG artifacts & benign variants

Focal & Generalized Epileptiform Abnormalities

Local EEG patterns & Seizure Semiology

All sessions will be followed by Demonstration

**Invited Lectures (8:30AM to 5:00PM)**

Medical Management of Drug resistant Epilepsy

Pre surgical evaluation of refractory Epilepsy

Outcomes following Epilepsy Surgery

Complications following Epilepsy Surgery

Future of Epilepsy Surgery
