National Science Day Week

21-28

Feb
2022

Public Talks of the Day

24 February 2022 – Thursday

Time	5 PM - 6 PM; 24 February 2022	
Title	Science Technology & Innovation for a sustainable living around us.	
Speaker	Mr A. R. Shivakumar	
Abstract	Nature provides us enough to fulfill all our desired and daily needs. Our innovative ideas with science and technology support will make our life more meaningful. Natural resources provided by nature need to be sustainably managed to fulfill our needs but not to abuse them. Water is one of the most important components and making use of locally available rainwater, ground water and used water judiciously is the key for sustainable living. I will be glad to share a few Innovations and simple techniques which will make you feel to bring out the scientist hidden inside you.	
About the Speaker	<ul style="list-style-type: none"> • Researcher and Technology Promoter. • Formerly a Senior Scientist at KSCST, Indian Institute of Science, Bangalore 560 012 • He is popularly known as Rain Man. 	

Time	3.30 PM – 4.30 PM; 24 February 2022	
Title	Integrated S&T approach to achieve sustainability in water resources	
Speaker	Dr Prithviraj M	
Abstract	Minister for Science and Technology – Dr. Jitendra Singh in January 2022, announced the theme for the National Science Day 2022 as “Integrated Approach in S&T for Sustainable Future”. He opined that the era of working in silos is over as the solution to any problem remains in integrated approach – thereby stressing the need for co-operation from all stakeholders. Taking cue from this, the speaker in this presentation has presented the ongoing engagements / initiatives of various central ministries and departments on diverse aspects of water resource management. He believes that a well-co-ordinated mechanism at the central government level may leverage the ongoing efforts of these departments to effectively address and find solution to the prevailing water challenges of the country.	
About the Speaker	<ul style="list-style-type: none"> • Director- (I/C), MCNS, MAHE • Retired as Scientist G from DST in 2018 • He had served the Government of India in various capacities in the Department of Space and Department of Science & Technology.
