About the Seminar

Drug Regulation is a dynamic science. Primary objective of regulating the drugs is to supply safe, effective and quality medicine to the customer. With better understanding of the chemistry of drugs and biology of the disease, safety and efficacy profiles of curing agent is changing continuously.

Use of technology and automation in manufacturing and testing of drugs effects the quality of the product in a big way. To keep phase with this rapidly changing scenario drug regulation is changing at a never before speed. The regulations, specifications is changing at a never before speed. The regulations, specifications and requirements for drugs are practically changed every second day. This workshop is an effort to make the participants understand this dynamics of regulations and appreciate and understand the nuisances of the same.

The seminar will have a galaxy of speakers like Dr. S Eswara Reddy, DCGI, Mr B. N. Manohar, CEO Stempeutics. Mr Gowri Shanker C, Executive Director, Take solutions etc
