

**AICTE Sponsored Quality Improvement Programme**  
**Theme: Frontiers in Pharmacology of Drug research & Recent trends in Pharmacy Practice**

**5-17 January, 2015**

**Organized by:**

**Department of Pharmacology and Department of Pharmacy Practice**

Manipal College of Pharmaceutical Sciences, Manipal University, Manipal – 576104, Karnataka

**The Institute**

Manipal College of Pharmaceutical Sciences, a constituent college of Manipal University, Manipal was established in 1963. The college celebrated its Golden Jubilee during the year 2012-13 through conducting conferences, workshops and seminars spanning the whole year. It offers graduate, postgraduate and doctoral programmes. The National Board of Accreditation, AICTE has accredited the college as "A" grade and the college is ISO 9001:2008 and ISO14001:2004 certified. AICTE has identified this institution as a centre for Quality Improvement Program (QIP). College is organizing QIP regularly for the benefit of pharmacy teachers.

The college has many research projects funded by various industries and government funding agencies. It boasts of a centralised state-of-art library, research centre, medicinal plants garden, pharmacognosy museum and central animal house.

The college is attached to one of the best teaching hospitals in this region – Kasturba Hospital along with a Contract Research Organisation – Ecron Acunova.

**How to reach Manipal**

Manipal is well connected by rail, road and air. Plenty of buses ply between Manipal and Udupi, as well as Manipal and Mangalore. Manipal is also well connected by road with Bangalore, Mysore, Goa, Ernakulam and Mumbai. The nearest railway station at Udupi (3 km) is connected to Mangalore, Goa, Mumbai and Delhi. The nearest airport at Bajpe (60 km) near Mangalore (1 and 1½ hours drive by road) has daily flights to and from Mumbai and Bangalore.

**About Programme**

The two-week programme is designed to provide a fine mix of lectures and demonstrations. Resources persons from host departments and other institutions with expertise in their fields will deliver lectures meant to give an insight into innovative drug development. There have been several advances in drug development in the recent past. This programme will familiarize the participants with these and the emerging trends in drug development. There would be demonstrations of experiments with sophisticated instruments involving cell culture techniques, Elisa and Flow cytometer etc.

The second week of the program will focus on the advances in pharmacy practice, chiefly in clinical settings and the research domain. The participants will be engaged in hands-on training programmes employing relevant software tools used in clinical practice.

**Eligibility:** Pharmacy faculty of AICTE approved institutions and research scholars under Quality Improvement program.

**Hostel accommodation:** Will be provided for the first 30 participants on request.

**TA for the participants (as per AICTE norms)**

Would be reimbursed after receiving the funds from AICTE.

**Address for Communication**
